

ENGINEERED EUROPEAN OAK

CLASSICS RANGE
BY SUNSTAR

Builders'
Choice

www.sunstarflooring.com.au

Engineered European Oak *by Sunstar* is a Classic range of timber floors built for every Australian home. Suitable for floating or direct stick installations, the Sunstar drop-lock system with wax finished joints provides a strong, quick and easy to lay strong flooring system. The multi-layer hardwood core creates a high-density structure backed by life-time structural warranty. Sunstar's Classic Sliced oak veneer layer achieves affordable and durable traditional oak finish.
